CUMULATIVE TABLE OF CONTENTS

Number 1
Hepatitis

Harvey J. Alter, Guest Editor

- Serologic Markers of Hepatitis B Virus Infection, Jay H. Hoofnagle and Daniel F. Schafer, 1
 Evolving Concepts of the Clinical and Serologic Consequences of Hepatitis B Virus Infection, Leonard B. Seeff and Raymond S. Koff, 11
 Hepatitis B Vaccine: Issues, Recommendations and New Developments, Cladd E. Stevens and Patricia E. Taylor, 23
 Delta Agent (Type D) Hepatitis, Ferruccio Bonino and Antonina Smedile, 28
 Approaches to the Treatment of Hepatitis B Virus and Delta-Related Liver Disease, H.C. Thomas, A.M.L. Lever, L.J. Scully, and M. Pignatelli, 34
 Clinical, Serologic, and Epidemiologic Aspects of Hepatitis A Virus Infection, Anne M. Mijch and Ian D. Gust, 42
 Hepatitis A Virus: Clones, Cultures, and Vaccines, John R. Ticehurst, 46
 Etiology and Natural History of Post-Transfusion and Enterically-Transmitted Non-A, Non-B Hepatitis, Daniel W. Bradley and James E. Maynard, 56
 Non-A, Non-B Hepatitis: Evolving Epidemiologic and Clinical Perspective, Jules L. Dienstag and Harvey J. Alter, 67
 Cytomegalovirus Infection as a Complication of Blood Transfusion, Gary E. Tegtmeyer, 82

Number 2
Fulminant Hepatic Failure
Roger Williams, Guest Editor

- Fulminant and Subfulminant Liver Failure: Definitions and Causes, Jacques Bernuau, Bernard Rueff, and Jean-Pierre Benhamou, 97
 Hepatic Encephalopathy and Cerebral Edema, Roland J. Ede and Roger Williams, 107
 Cardiovascular, Pulmonary and Renal Complications of Fulminant Hepatic Failure, David J. Bihari, Alexander E.S. Gimson, and Roger Williams, 119
 Assessment of Prognosis in Fulminant Hepatic Failure, Niels Tygstrup and Leo Ranek, 129

370

Protective Agents for Acetaminophen Overdose, Michael Davis, 138

Experimental Artificial Liver Support with Emphasis on Fulminant Hepatic Failure: Concepts and Review, T.M.S. Chang, 148

Coagulopathy of Fulminant Hepatic Failure, John G. O'Grady, Peter G. Langley, Luis M. Isola, Louis M. Aledort, and Roger Williams, 159

Clinical Experience with Charcoal and Resin Hemoperfusion, Robin Hughes and Roger Williams, 164

Number 3

Hepatic Histology: Current Problems in Diagnosis
Leonardo Bianchi, Guest EditorGeneral Pathology of the Liver: Light Microscopic Aspects Serving Diagnosis and Interpretation, Hans Popper, 175
 Necroinflammatory Liver Diseases, Leonardo Bianchi, 185
 Cytoskeleton in Liver Diseases, H. Denk and E. Lackinger, 199Collagen Formation and Cirrhosis, Boris H. Ruebner, 212
 Histologic Spectrum of Alcoholic Liver Disease, R.N.M. MacSween and A.D. Burt, 221

Current Problems in Diagnosis of Biliary Disease and Cholestasis, V.J. Desmet, 233

Hepatic Morphology in the Inherited Metabolic Diseases, Kamal G. Ishak, 246

Pathologic Characteristics of Hepatocellular Carcinoma, Toshiro Nakashima and Masamichi Kojiro, 259

Schwartzman Reaction as a Pathogenetic Mechanism in Fulminant Hepatitis, Wataru Mori, Jungi Shiga, and Hiroshi Irie, 267

Number 4

Portal Hypertension: Circulatory and Renal Abnormalities

Roberto J. Groszmann, Guest Editor

Intrahepatic Circulation in Liver Disease, P.-Michel Huet, Gilles Pomier-Layrargues, Jean Pierre Villeneuve, France Varin, and Andre Viallet, 277

Number 4

Portal Hypertension: Circulatory and Renal Abnormalities

Roberto J. Groszmann, Guest Editor

- Intrahepatic Circulation in Liver Disease, P.-Michel Huet, Gilles Pomier-Layrargues, Jean Pierre Villeneuve, France Varin, and Andre Viallet, 277

- Splanchnic Hemodynamics in Chronic Portal Venous Hypertension**, Joseph N. Benoit and D. Neil Granger, 287
- Pharmacokinetic-Hemodynamic Interactions in Cirrhosis**, Andres T. Blei, 299
- Hemodynamic Evaluation of the Patient with Portal Hypertension**, Jaime Bosch, R. Mastai, D. Kravetz, M. Navasa, and J. Rodes, 309
- Hemodynamic Factors Involved in the Development and Rupture of Esophageal Varices: A Physiologic Approach**

- to Treatment**, John Polio and Roberto J. Groszmann, 318
- Noncirrhotic Intrahepatic Portal Hypertension**, Didier Lebrec, and Jean-Pierre Benhamou, 332
- Pathogenesis of Ascites Formation and Hepatorenal Syndrome: Humoral and Hemodynamic Factors**, Helmer Ring-Larsen and Jens H. Henriksen, 341
- Management of Patients with Cirrhosis and Ascites**, V. Arroyo, P. Gines, R. Planas, J. Panes, and J. Rodes, 353
